

Slider Sheets

Slider Sheets are an economical way to reposition patients in bed while reducing the risk of injuries to staff during repositioning process.

1. Reduces Injuries

Decreases the risk of neck, shoulder, and back injuries for caregivers.

2. Specialty Mattresses

Slider Sheets are compatible with the performance of specialty mattresses.

3. Economical

Slider sheets make repositioning easy and use less time for caregivers to perform the same task.

4. Easy-to-use

Slider Sheets are designed with the caregiver in mind.

5. Laundered Easily

The Slider Sheets are able to be laundered in a standard laundry load.

6. Breathable

Slider Sheets reduce the risk of heat and moisture build-up under the patient.
